

Funeral & Memorial Service Checklist

- Choose a funeral director and make arrangements with her or him.
- Decide whether to have a minister perform the service.
- Contact the minister whom you would like to perform the service.
- Ask family and friends to help notify others of the death and the funeral or memorial service.
- Consider alternative arrangements, such as a small funeral service and later memorial service to accommodate more people and to commemorate a life well-lived.
- Take care of yourself. Eat well and rest. Ask a friend or family member to stay with you until after the services.
- Let family and friends know how they can help.
